

## EXECUTIVE SUMMARY

INTEGRATED STRATEGIC STUDY | DATA BUSINESS PROSPECTING: CLEAR LEGACY INTERNATIONAL

2026–2036

---

### POSITIONING AND OPPORTUNITY

**Clear Legacy International** is a **deep-tech** enterprise with the potential to revolutionize global water resource management through the **Dörman Method**—a proprietary, patented methodology integrating advanced data science, IoT, and biotechnology. The company addresses two critical markets:

- **Restoration of Contaminated Water Bodies**
  - **Shrimp Industry Optimization**
  - **Operational Launch:** January 5, 2026
  - **TAM (Total Addressable Market):** \$85B+ (Water Management + Aquaculture)
  - **Competitive Advantage:** Protected IP + 25–40% superior efficiency
  - **Founding Team:** A unique blend of scientists, technologists, and executives with scale-up experience.
- 

### UNIQUE VALUE PROPOSITION

Solves three critical problems simultaneously:

- **Environmental:** Recovery of degraded aquatic ecosystems.
  - **Economic:** 25–40% profitability increase in the aquaculture industry.
  - **Social:** Access to advanced technology for vulnerable communities.
- 

### STRATEGIC FRAMEWORK: THE 4 PILLARS

1. **Data Science & Optimization:** Scientific-technological core powered by proprietary algorithms.
2. **Digital Transformation:** strategic integration of technology to reinvent business operations, culture, structure and customer experiences.
3. **Predictive Intelligence:** Predictive AI system for real-time water quality monitoring.
4. **Guerrilla Marketing:** High-impact/low-cost market penetration strategies.

---

### DETAILED 2026 ROADMAP

- **Phase 1: Technical Validation + Digital Simulation (Jan–Mar 2026)**
  - *Budget:* \$180K | *Team:* 8 People
  - *Deliverables:* Technical validation report, MVP Platform, 5-model framework.
- **Phase 2: Digital Transformation + Capital (Apr–Jun 2026)**
  - *Budget:* \$450K | *Team:* 15 People
  - *Deliverables:* Established corporation, \$250K–\$500K seed capital.
- **Phase 3: Uruguay Scaling + Intelligence (Jul–Sep 2026)**
  - *Budget:* \$750K | *Team:* 22 People
  - *Deliverables:* Operational predictive system, validated Uruguay pilot.
- **Phase 4: Commercial Expansion + Optimization (Oct–Dec 2026)**
  - *Budget:* \$1.2M | *Team:* 30 People
  - *Deliverables:* 10+ active SaaS clients, \$50K+ MRR.

---

### FINANCIAL PROJECTIONS 2026–2035

#### Medium Scenario (Most Likely)

| Year | Revenue (M\$) | EBITDA % | Clients | Valuation (M\$) |
|------|---------------|----------|---------|-----------------|
| 2026 | 0.8           | -35%     | 35      | 12              |
| 2028 | 12.0          | 15%      | 350     | 90              |
| 2030 | 52.0          | 28%      | 1,500   | 400             |
| 2035 | 360.0         | 38%      | 12,000  | 3,500           |

---

### CAPITAL REQUIREMENTS

- **Pre-Seed (Q1 2026):** \$180K – \$250K (25% equity)
- **Seed (Q3 2026):** \$750K – \$1.2M (15–20% equity)
- **Series A (Q4 2027):** \$5M – \$8M (20–25% equity)

- **Series B (2029):** \$20M – \$35M (15–20% equity)
  - **IPO/Exit (2033+):** Valuation \$1B+
- 

## MEASURABLE IMPACT AND SUSTAINABILITY

### Cumulative Environmental Impact by 2035 (Medium Scenario)

- **Water Treated:** 500B Liters
  - **Pollutants Reduced:** 180K Tons
  - **Ecosystems Restored:** 100
  - **CO2e Avoided:** 500K Tons
- 

## CRITICAL SUCCESS FACTORS

- Rigorous technical validation within the first 6 months.
  - Adequate capitalization at key inflection points.
  - Operational excellence during geographic expansion.
  - Maintaining an innovation culture while scaling.
  - Adaptability to regulatory and market shifts.
- 

## VISION 2035: GLOBAL WATER TECH LEADERSHIP

By 2035, Clear Legacy International will be critical infrastructure for sustainable global water management, having:

- Treated **1%+ of the world's contaminated freshwater**.
- Increased global aquaculture efficiency by **30%+**.
- Created technological standards adopted internationally.
- Proven that **profitability and sustainability** are complementary.
- Inspired a new generation of climate-tech companies in Latin America.
